

Laboratory Animal Science Course on Primates

According to FELASA Guidelines

Requirements:

EUPRIM-Net partner or member of the Graduate Training in Primate Neurosciences (GTPN), certification of tuberculosis test would be a plus!

Registration deadline

17 April 2015 ([download registration form](#))

Course structure:

E-Learning		Activated from 01 May – 12 June 2015
Content:	National legislation; ethics, animal welfare and the 3Rs; basic and appropriate biology of primates; primate care, health and management; recognition of pain, suffering and distress in primates, humane methods of killing in lab animals	
Platform:	Our E-Learning is integrated in the www.vtk-online.de platform. Only course participants will be able to access respective contents	
Online-Exam:	Your participation in the e-learning will be controlled by an online multiple-choice exam	
On-site course		17-19 June 2015
Location	German Primate Center, Kellnerweg 4, 37077 Göttingen, Germany	
Program	(tentative schedule)	
17 June 2015	Wednesday	
	Primate Handling and Training (theory and practice)	
	Minimally Invasive Procedures in Primatology – Insights from Neurosciences, Infection Biology, Stem Cell Research and Fieldwork (theory)	
	Measuring Behavior (theory and practice)	
18 June 2015	Thursday	
	Ethics, Animal Welfare and the 3Rs	
	Design of procedures and projects – Insights from Infection Biology and Neurosciences	
	Good laboratory practice	
19 June 2015	Friday	
	Biometry and Biostatistics in Laboratory Animal Science	
	Legal Issues and Responsibilities	
	Written Exam
