

EUROPEAN PRIMATE VETERINARIANS 13TH SYMPOSIUM GERMAN PRIMATE CENTER, NOVEMBER 28TH AND 29TH 2013

DEUTSCHES PRIMATENZENTRUM GMBH,
KELLNERWEG 4, 37077 GÖTTINGEN

2013 EPV SEMINAR – PROGRAM « SAMPLES COLLECTION AND TESTING IN NHP »

27th November		
Time		
17:30-18:00		Early registration
18:00-19:00		Business meeting (<i>EPV members only</i>)
19:00-21:00	Dinner (Bullerjahn, Altes Rathaus, Göttingen)– Sponsored by R.C.Hartelust, BV	

28th November		
Time		
08:00-09:00		Registration
Moderator	Elodie MOUREAUX	
09:00-09:15	Moshe, Elodie, Tamara	Welcome & administrations
09:20-09:40	Rianne Klomp -BPRC Netherlands	Acute pancreatitis in a Cynomolgus Monkey (<i>Macaca fascicularis</i>)
09:40-10:00	Jaco Bakker - BPRC Netherlands	Refinement of EEG data collection in common marmosets (<i>Callithrix jacchus</i>)
10:00-10:20	Saenger Kerstin -FTÄ Pathologie	Sendai Virus (SeV)-infection in a geoffroys marmoset
10:20-10:40	Friedhelm Vogel & Gerhard Weinbauer - Covance , Germany	Primate Origin and Potential Implications
10:40-11:00	Coffee	
Moderator	Rianne Klomp	
11:00-11:20	Gaby Doxiadis - BPRC, Netherlands	Genetic testing and sampling in NHP
11:20-11:40	Ivana Kondova - BPRC, Netherlands	Samples for pathology, histopathology and other analyses
11:40-12:00	Jan Bernal - SNBL USA	A Study in Telemetry Implanted Cynomolgus Monkeys to Evaluate Select Cardiovascular Parameters...
12:00-13:20	Lunch	
12:40-13:20	Group 1 visit to DPZ	
Moderator	Thierry Decelle	
13:20-13:30	Awarding honorary member - Dr. Mark Prescott	
13:30-13:50	Mark Prescott - NC3Rs UK	Cumulative severity in NHP neuroscience research.

EUROPEAN PRIMATE VETERINARIANS 13TH SYMPOSIUM GERMAN PRIMATE CENTER, NOVEMBER 28TH AND 29TH 2013

DEUTSCHES PRIMATENZENTRUM GMBH,
KELLNERWEG 4, 37077 GÖTTINGEN

28th November		
13:50-14:05	Bushnitz Moshe - Understanding animal researchs, Israel -UK	Primates in biomedical research - new iPad educational tool
14:05- 14:20	Dr P. Ramlochun Bioculture Mauritius	6 years collection of macroscopic pathologies upon necropsies of cynomolgus macaques
14:20-14:40	Coffee	
Moderator	Tamara Becker	
14:40-15:00	Dr. Robert Teepe Bjorg Pauling -Euprimnet, Germany	Providing biological Material of NHP to the scientific community: The EUPRIM-Net BioBank
15:00-15:20	Henke Niphius - BPRC, Netherlands	Shipping Biological Specimens: Crime or Passion?
15:20-15:40	Thierry Decelle - AAALAC International	AAALAC Accreditation of breeding colonies and research program using NHP
15:40-16:00	Tamara Becker - DPZ, Germany	Two cases of spondylarthrosis deformans in rhesus monkeys
16:00-16:15	Weizhi Ji, Yunnan Key Laboratory of Primate Biomedical Research; Kunming Biomed International	Oocytes Collecting from Rhesus Monkey
16:15-16:30	Judy Wichmann- Fraunhofer Institut für Toxikologie und Experimentelle Medizin (ITEM)	Invasive lung function measurement in common marmosets (<i>Callithrix jacchus</i>)
17:00-18:00	EPV Board meeting (<i>Board members only</i>)	
19:00-21:00	Dinner (DPZ)	

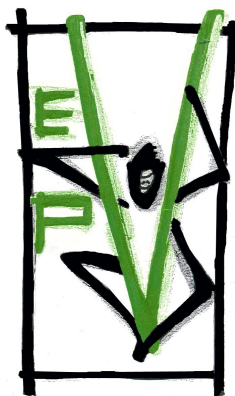

29th November		
Time		
Moderator	Annette Schrod	
09:00-09:20	Pierrick Regnard - SILAB	Aqueous and vitreous matrix: sampling protocol
09:20-09:40	V. Fisher - Huntingdon Life Sciences	Bronchoalveolar Lavage in Cynomolgus macaques

EUROPEAN PRIMATE VETERINARIANS 13TH SYMPOSIUM GERMAN PRIMATE CENTER, NOVEMBER 28TH AND 29TH 2013

DEUTSCHES PRIMATENZENTRUM GMBH,
KELLNERWEG 4, 37077 GÖTTINGEN

29th November		
09:40-10:00	Sven Korte - Covance, Germany	Feasibility of intrathecal administration and CSF sampling through an implanted lumbar port-catheter system in juvenile <i>Cynomolgus</i> monkeys
10:00-10:20	Pat Frost -Texas Biomedical Research Institute USA	Bone Marrow sampling -an overview
10:20-10:40	Sam Narainapoullé - Bioculture Mauritius	Technique for dissection of Hilar lymph nodes and Thyroid Gland
10:40-11:00	Coffee	
Moderator	Friedhelm Vogel	
11:00-11:20	Jan Bernal - SNBL USA	A New Method for Procedure-Related Handling of Nonhuman Primates: Contribution to Improved Animal Welfare and Minimizing Variability in Data
11:20-11:40	Annette Schrod - DPZ, Germany	Sperm collection in nonhuman primates
11:40-12:00	Sabine Taubert - DPZ, Germany	Collection of blood samples & hematology measurement in <i>Callithrix Jacchus</i> - Problems & solutions
12:00-13:20	Lunch	
12:40-13:20	Group 2 visit to DPZ	
Moderator	Jaco Bakker	
13:20-13:40	Klippert Antonia - DPZ, Germany	Lymph node fine needle aspiration in rhesus macaques
13:40-14:00	Kerstin Maetz-Rensing - DPZ , Germany	Insight into necropsy techniques and tissue sampling from nonhuman primates - a look behind the scenes of pathology"
14:00-14:20	Melanie L Graham- University of Minnesota, USA	Technical and surgical aspects of long term vascular access that eliminates the need for restraint of nonhuman primates in favour of cooperative handling
14:20-14:40	Coffee	
Moderator	Moshe Bushnitz	
14:40-15:00	Clément Grandin Cynbiose	Platform KINE C ³ : a relevant technological method to assess brain bioavailability of new therapeutic compounds.
15:00-15:20	Steven T Shipley University of Maryland, School of Medicine	Genetic Background Considerations in Vaccine Studies – Differences in Gut Microbiota in Mauritian and non-Mauritian <i>Cynomolgus</i> macaques
15:20-15:40	Joe Simmons -New Iberia Primate center USA	The Impact of Plasmodium and Trypanosome Infections on Nonhuman Primates
15:40-16:00	Joe Kemnitz - Wisconsin Primate center USA	IPAD -Primate Aging Database and Other Resources Serving Research and Care

EUROPEAN PRIMATE
VETERINARIANS
13TH SYMPOSIUM
GERMAN PRIMATE CENTER,
NOVEMBER 28TH AND 29TH 2013

DEUTSCHES PRIMATENZENTRUM GMBH,
KELLNERWEG 4, 37077 GÖTTINGEN

29th November		
16:00-16:20	Kim Luke - Intuitive Wisconsin USA	Development and application of a serological test for <i>M. tuberculosis</i> in nonhuman primates.
16:20-16:40	EPV board	Seminar concludes + Best student presentation award Administration + thanks
