of the EU Research Infrastructure Project EUPRIM-Net.

I will acknowledge the support under this Project in all resulting publications by using the phrase "*Part of this work has been supported by EUPRIM-Net under the EU contract RII3-026155 of the 6th Framework Programme*" or a similar statement. I will supply the EUPRIM-Net Management with copies of the publications.

Each group leader of a user project supported under this EC Research Infrastructure contract is requested to complete the User Group Questionnaire of the European Commission. The questionnaire at <http://cordis.europa.eu/infrastructures/questionnaire.htm> must be submitted once by each user group as soon as the material samples have been obtained.

I confirm that the User Group Questionnaire has been submitted and that I will send a print out of the filled form to the EUPRIM-Net Management.

## Agreement for the transfer of primate material

Name: \_\_\_\_\_

Affiliation: \_\_\_\_\_

Acronym: \_\_\_\_\_

I agree to the following:

The material to be delivered is understood to be experimental in nature and may be hazardous. **The material may contain pathogens and it may be highly infectious.** Therefore, I will apply the highest degree of care in dealing with the material, especially when culturing or processing live or frozen material. In particular, only personnel educated on the risks of the material will be allowed to deal with the material and I will follow all statutory and non-statutory guidelines and regulations applicable in my state/country and the EU which relate to the treatment of hazardous material, in particular rules on accident prevention and laws relating to the treatment of laboratory animals. If requested by EUPRIM-Net or the distributor of the material, I will immediately stop using the material and will promptly return or destroy any material in my possession, including all amounts derived from biological or chemical reproduction of the material originally received.

I will have to use the material at my own risk. EUPRIM-Net and the distributor of the material makes no representations and extends no warranties of any kind, expressed or implied, as to merchantability of the material or fitness for a particular purpose or that the use of material will not infringe any patent, copyright, trademark or other proprietary rights. To the extent allowed under applicable law, any claims, statutory or contractual, based on legal or other defects of the material are hereby excluded.

I will use the material solely for non-profit research purposes and I will not forward the material, including all amounts derived from biological or chemical reproduction of the material originally received, or parts of the material to any third party.
