

## **November 27<sup>th</sup>, EUPRIM-Net II, Biobanking**

Moderator: Dr. J. Langermans

11.00: Introduction: Jan Langermans, BPRC/Robert Teepe/Björg Pauling  
EUPRIM-Net II, WP2, why biobanking/ EUPRIM-Net II and Biobanking:  
experiences

11.25: Auke Boersma, The European Mouse Mutant Archive, CNR,  
Vienna, Austria  
Title follows

12.00: Gaby Doxiadis, BPRC  
DNA and PBMC samples from non-human primates for genetic analysis

12.25: Ivanela Kondova, BPRC  
Collection and preservation of tissue samples from non-human primates  
at BPRC: general outlines, methods, protocols.

12.50-14.00: Lunch

13:20 Guided Tour through DPZ

14.00: Kai Fechner, EUROIMMUN  
*The Primate BioBank from the view of the industry*

14.20: Eberhard Schneider, University Würzburg  
*Preliminary title: Primate samples in Human Genetics*

14.40: Patricia Frost: Southwest National Primate Research Center,  
Texas, US

Tissue materials and banking: experiences at the SNPRC

15.00: Hervé Moreau, Integrative Biology of Marine Organisms,  
UMR 7232 CNRS-University Pierre et Marie Curie, Banyuls, France  
Collection and preservation of marine microbial resources: from  
microalgae to bacteria and viruses

15.40-16:30: Summing up and general discussion

18.00: Participants dinner
